

April 2018

Dear Parent/Carer

I would like to offer your son/daughter the opportunity to attend two online revision webinars to help them prepare for their A Level exams.

The first session is on Wednesday 25 April 2018 from 3.30pm–5.00pm. This is designed to thoroughly prepare students for the exams and focus on the exam skills they need to turn content knowledge into good answers. The session will:

- Look at how to interpret questions, key words and command words
- Discuss the demands of different exam questions from short-answer questions to full, evaluative essays
- Find out more about the synoptic skills that are assessed in Paper 3 and how to 'think like a geographer'

The second session is on Wednesday 2 May 2018 from 3.30pm–5.00pm. This session will kick start students' revision, focusing on aspects of Human and Physical Geography, which needs a little more attention before the final exams. The session will:

- Explore some of the new core content for Papers 1 & 2: the Water & Carbon Cycles; Superpowers & Globalisation; Tectonic Hazards & their management
- Build students' confidence by recapping tricky topics in the run up to the exams
- Receive guidance from the experts on how to apply content knowledge so that students answer questions effectively.

There is a small total cost of £6.50 to cover the cost of both webinars. Our preferred method of payment is via ParentPay. If you wish to pay by cheque please complete and return the slip below and send it, together with your payment, to reception by Friday 20 April 2018, ensuring your child's name and Tutor Group are written on the reverse. If you require a PayPoint barcode please contact the school as soon as possible.

Yours sincerely

Charlotte Harris
Geography Teacher
