

HEANOR GATE SCIENCE COLLEGE

“Develop all learners to achieve their full potential”
“Create a culture of aspiration”

Principal: **Mr S Huntington**

20 March 2018

Dear Parent/Carer

As we rapidly approach the summer examination period, I just wanted to get in touch with a few pieces of information which will hopefully be of use. To begin, I just wanted to express my gratitude for your support over the past year, working in partnership (home, school and students) is essential for student success.

Students recently sat their final mock exams and results of these will be shared with students on Friday 23 March at 9:15am following tutor time. In assembly last week we concentrated on the mantra that we should be focusing on processes rather than the outcomes of our process. Over Easter, it is important that students focus on trying to make inroads on gaps in knowledge or skills currently not mastered as opposed to worrying about letters/grades from their recent mock performance. Staff are working hard on this and revision sessions have been structured during Tuesday tutor times and after school. Staff have also made themselves available over the Easter holidays to ensure our students are supported with their revision; see the attached sheet for details of subjects and timings available.

All students now have an official summer examination timetable and should be well aware of their personal schedule. If you have any questions about these then please feel free to contact Monica Burrows on 01773 716396 ext. 7111 or mburrows@heanorgate.derbyshire.sch.uk. We will be in touch after Easter with some guidance on exam protocols but for now I hope everyone enjoys a restful Easter break.

Thanks again for the continued support.

Yours sincerely

Miss G Tyers
