

HEANOR GATE SCIENCE COLLEGE

“Develop all learners to achieve their full potential”
“Create a culture of aspiration”

Principal: **Mr S Huntington**

16 February 2018

Dear Parent/Carer

Mock Exams

As we reach the end of a very busy half term we would like to touch base and update you with some key information regarding the crucial time period in front of us. In an attempt to provide some focused and structured support for students over the remainder of the spring term we will be collating information on all revision sessions being offered, and this will be available for students from the sixth form office and on Facebook after half term.

Key information for the coming half term:

- Exam timetables were distributed to students during tutor time on Thursday 15 February 2018.
- Students can use Tuesday's tutor time to access additional support with issues they are facing in their subject areas.
- All students should have a focussed revision plan for over half term following supportive sessions run in assembly.
- Mock exam week will take place during w/c 12 March and involve mock exams in all subjects where a formal exam is due to take place. This is an essential opportunity for students to gauge where they are as accurately as possible, so preparation for these is key.

Thank you as always for your support at home, and we hope your son/daughter has a restful but productive half term.

If you have any concerns please do not hesitate to contact us.

Yours sincerely

Miss G Tyers
