

HEANOR GATE SCIENCE COLLEGE

“Develop all learners to achieve their full potential”
“Create a culture of aspiration”

Principal: **Mr S Huntington**

November 2017

Dear Parent/Carer

During the course of Year 9 your child will study KS3 Product Design. The year group have opted to study product design between September and July.

In order to make the content of the lessons as engaging as possible we complete a design-and-make project. In Year 9 this involves making various products.

In order to allow the learners to take their practical work home we must ask for a contribution of £5.00 towards the cost of materials. Your child will still be able to complete the project if we do not receive this contribution but they will not be able to take their work home as we may have to recycle the materials. Please may we ask for your contribution before December; payments can be made using the ParentPay system.

Please do not hesitate to contact me if you have any questions or concerns regarding this.

Yours sincerely

Mark Hadfield
Technology Teacher
