

HEANOR GATE SCIENCE COLLEGE

"Develop all learners to achieve their full potential"
"Create a culture of aspiration"

Principal: Mr S Huntington

GLOBAL FOOTPRINTS

Welcome to the start of your African Adventure!

Experience the rich and diverse country of Tanzania, one of the jewels of Africa. Tanzania offers some of the most alluring places to view wildlife - The big 5, from the world famous Ngorongoro Crater to the beautiful Tarangire N.P.

During the expedition you have the chance to climb up to the stunning crater of Mount Meru (4566m), or Mount Kilimanjaro, Africa's highest mountain at 5895m. The project is working with Kilimanjaro Young Girls in Need outside Moshi, helping to build new classrooms, dormitories and toilet blocks. Tanzania is also the perfect destination to unwind with a bit of rest and relaxation with the idyllic spice island of Zanzibar nestled on the Indian Ocean. This offers white sandy beaches and turquoise waters.

Global Footprints require the following from you to be able to take part in this trip:

- Photocopy of passports, valid for at least 6 months after departure date
- Completed contacts form with ALL medical information declared
- Consent forms completed
- Payments paid on time
- You must be a current student at Heanor Gate Science College

Global footprints will provide:

- A parents evening, providing you with information about the trip
- Contacts and consent forms, kit list, immunisation advice
- A training weekend to prepare you for the expedition

Please visit Global Footprints' website www.global-footprints.co.uk for further information, or call either 01298 402891 or 07817 673575 with any questions.

I give consent for my child (print full name as shown in passport), who is a current student at Heanor Gate Science College, to undertake the Tanzania expedition run by Global Footprints. I also confirm I agree to pay £200 deposit to secure a place.
