

January 2017

Dear Parent/Carer

May I take this opportunity to wish you a Happy New Year.

Having received the December mock exam results today students have worked with their tutors to identify the areas they need to work on to improve further.

I would like to invite you to attend our Year 11 Achievement Awards Evening, where we will be celebrating the successes of this exam period and giving advice for parents and students on how to revise and organise an effective and manageable revision programme, in preparation for the next mock exams to be held on 27 March 2017 - 31 March 2017.

The Achievement Awards evening will be on **Wednesday 25 January 2017** and is for both parents and students. It is a fantastic opportunity to ensure students have all the tools and support they need to move forward and achieve their potential. If you wish to attend, please complete the reply slip below.

The spring term will be used to support Year 11 students in completing their courses and getting ready for the next exams. I enclose a copy of the after school revision class schedule; there will also be revision classes offered at Easter and June half term – details to follow nearer the time.

If you have any concerns about your child’s progress, please do not hesitate to contact their tutor, or myself to arrange a progress meeting.

Yours sincerely

G L Tyers  
Achievement Leader – Year 11
