PEF classes will take place for all main subjects, English, Maths, Science, in F Block.

There will be normal lessons when students are not in exams.

Students with clash exams should attend catch up sessions as soon as they can and will be given a separate timetable with clash details. They should go straight to the exam room, not lining up.

All exams should be no longer than 1 hour 30 minutes/2 hours. This will give time at the start for PEF class and collecting mobile phones.

T1/T2 will be used for separate room/extra time students and students with laptops.

Students will finish later in the afternoon on some days, at around 4.00pm approximately.

Normal lessons will take place for all year 11 students when exams are not taking place.
