## SUBJECT SPECIFIC ENTRY CRITERIA:

CC in GCSE Double Science.

## KEY INFORMATION:

Students will study units which cover the three main science subjects but also carry out work on laboratory practical skills and working in the scientific work place. This will include analytical techniques, synthesising aspirin and laboratory design. Students will also develop key skills such as communication, problem solving and time management skills.

## POSSIBLE CAREER PATHS:

- ➔ Laboratory technician
- ➔ Primary teaching
- ➔ Sports science

## PREVIOUS RESULTS:

D\*-D 83%

D\*-P 100%
