

HEANOR GATE SCIENCE COLLEGE

“Develop all learners to achieve their full potential”
“Create a culture of aspiration”

Principal: **Mr S Huntington**

02 July 2021

Dear Parent/Carer

Summer School Invite

In response to the COVID-19 pandemic, the government has funded a national summer school initiative for our incoming Year 7 students to allow them to experience secondary school provision prior to joining us in September. The provision will focus on both academic and enrichment activities. So far we have had over 145 Year 6 students sign up to attend the summer school, which means that we have a number of funded places left available.

Given the disruption our current Step Up Year 8 students have also experienced with regards to their first year at secondary school, we would like to offer these additional spaces to our current Step Up Year 8 students. Students were informed of this opportunity in their assembly this morning.

We have 75 funded spaces left available. The details of the summer school programme are below:

Date	Monday 26 July - Friday 30 July
Timings	9.30am - 2.30pm
Activities	A range of activities including PE, Art, Technology, MFL, History, Maths, Science and Performing Arts.
What's included?	All activities, food and equipment required.

We will be allocating the **limited spaces** on a first-come, first-served basis. Please complete the form below to express your interest in your child attending our summer school. Please also specify which days your child would like to attend.

<https://forms.gle/JjDiauC1gsDTCHVn9>

The deadline for expressing interest is on **Wednesday 7 July 2021 at 3pm** and we will be in touch shortly after to confirm whether your child has been offered a place.

We look forward to hearing from you.

Yours sincerely

Mrs R Saunders
Associate Assistant Principal
